

# CAV-3100 | Portable Multi-Purpose Card Reader

CARDCOM TECHNOLOGY

While most everyone takes precautions when checking identification, it only takes one slip up, one false I.D. and you can be facing penalties. And with today's zero tolerance for under age drinking and tobacco use, complying with state laws is an ongoing battle. Stay ahead of the curve and protect profits with the ViAge. It's a minimal investment in terms of cost yet provides a complete and effective solution.

The ViAge eliminates the human error factor and protects liability with ergonomic design and easy to use features. And stand alone operation means no service contracts are required so it really is an investment to last for years to come.

With our 30 day guarantee, you have nothing to lose and everything to gain.
